

**Computers for Seniors, Inc.**  
*Serving Cape Cod's Computing Community*

## ***Mission and Goals Statement 2006-7***

---

The purpose of this document is to outline the Mission, Goals and Objectives of Computers for Seniors, Inc. (CFS), an Osterville, MA based non-profit organization serving all of Cape Cod, Massachusetts.

Like any dynamic organization, our mission and goals may change over time as the needs of our customers change and/or mature.

### ***Mission Statement***

*Computer for Seniors, Inc. is a Cape Cod based non-profit community service organization whose mission is to expand computer and technology literacy on Cape Cod.*

## *Major Goals and Objectives*

---

CFS's principal Goals and Objectives for 2006-7 include the following:

1. Develop an effective marketing program. Publicity is essential to improve CFS visibility in the community.
2. Develop and offer courses / curriculum in both traditional and new formats
3. Develop new Forums and Media to share information – i.e. “CFS On the Road” ( presenting programs at different locations on Cape Cod)
4. Familiarize seniors with new technology through “world class” Monthly Meetings, our Website and other media
5. Develop a Recruiting program to fill needed resources - i.e. instructors, staff, material, volunteers
6. Collaborate with fellow Cape non-profits and others to improve technology delivery to our mutual customers through Outreach programs or other forums
7. Develop programs to provide an enjoyable social experience for all who share a common interest while supporting these goals
8. Improve our Office and Network infrastructure to better support achieving all of our goals and objectives.
